Re: Clarification of Operator Name, Minerals Investigation Development Company, Organa Claims, S/055/013, Wayne County, Utah

Dear Mr. Jackson:

When the Division of Oil, Gas and Mining originally permitted your Organa Claims Mine Site in Wayne County, we did not receive a notice of intention directly from you but instead received a notice from the Bureau of Land Management which was later deemed to contain all information required by the Division. The operator's name on this notice was Mineral Investigation Development Company, but the name used in the annual report for 2001 is Organa Mineral Products, Inc. Could you please let us know which is correct? If the operator's name is Organa Mineral Products, we need to know whether the change from Mineral Investigation Development Company was simply a change in the name of the operator or if the operation was acquired by another company.

Thank you for your assistance. Please call me at 801-538-5261 if you have any questions about this letter.

Sincerely,

Paul B. Baker
Senior Reclamation Biologist
